Sir:

In response to the Office Action mailed June 13, 2003, for which a response is due on September 13, 2003, the following remarks are provided.

In reviewing the Office Action, the Applicants noticed that the Preliminary Amendment filed in the patent application on October 9, 2001 was not considered by the Examiner when issuing the Office Action. For example, the Preliminary Amendment added new claims 18-25 in the application. The Examiner has not examined new claims 18-25 in the Office Action. Additionally, the Preliminary Amendment amended the claims for matters of form. It does not appear that the Examiner considered these amendments when issuing the Office Action.

Applicants respectfully request that the Examiner consider the Preliminary Amendment filed in the application on October 9, 2001 and issue a Supplemental

Office Action after his consideration of the Preliminary Amendment, setting a new response date for responding to the Office Action. A copy of the receipt postcard for the Preliminary Amendment, with the Patent Office's receipt stamp on it is enclosed for the Examiner's consideration. A copy of the Preliminary Amendment as filed is also enclosed for the Examiner's convenience.

Applicants do not believe that any fees are required in connection with this Response. However, if any fees are required, the Office is authorized to charge any fees to Deposit Account No. 05-1323 (Docket #80334.49678CO).

The Examiner is requested to contact the undersigned should the Examiner have any questions regarding this response.

Respectfully submitted,
